Advanced Empirical Finance: Topics and Data Science

Volatility from high-frequency data

Stefan Voigt

University of Copenhagen and Danish Finance Institute (DFI)

Spring 2027

Today

- Why volatility matters and how it moves
- Realized variance
- Market microstructure noise
- High-frequency data at KU

Why volatility matters and how it moves

TBD

Realized variance

TBD

Market microstructure noise

TBD

High-frequency data at KU

TBD

Before the next lecture

- **Exercise 10:** (Co)variance estimation
- **Read:** Hautsch, Kyj & Oomen (2012)
